by \_\_\_\_\_ and described in words and diagrams overleaf, with  
the semen provided.

Date(s) and time(s) of insemination(s): _____	Name and address of Veterinary Surgeon: _____ _____
Signature: _____	_____ _____

**Artificial Insemination (AI) & Mare Identification Certificate**

The diagrams and written description must agree and must be sufficiently detailed to ensure the positive identification of the animal in the future. White markings must be shown in red. If there are no markings, this fact must be stated. All head and neck whorls should be marked (X). Other whorls should be similarly recorded in grey and in animals lacking sufficient other distinguishing marks. Acquired marks and other distinguishing marks e.g. prophet's thumb mark, walleye etc should always be noted. If microchip implanted please mark location with an arrow.

DESCRIPTION OF MARE

Name: \_\_\_\_\_

**BRANDS / FREEZE MARK**

If necessary brand site must be clipped or shaven in order to confirm registered brands. Failure to do so will result in the necessity of re-inspection.
